

**Removal of Scores from Ranking List**

November 27, 2019

The European WaterSki Council conducted a large number of reviews of End Course videos from Tournaments in 2019. These included:

All tournaments where a 10.75 pass was completed.

All Elite and Titled Tournaments

Other – random – tournaments.

**This review found that:**

**The Boat Path for a number of passes was not in tolerance.**

**As a result of technical problems in some rounds of some Tournaments it was not possible to supply End Course video to the WaterSki Council.**

**As a result – the WaterSki Council has decided to take the following actions:**
